Profile

SEO Lead with 5+ years experience and ASO expertise, delivering 44% YoY organic growth across 12 international markets. Proven track record scaling multi-market SEO strategies with hands-on App Store Optimization experience for iOS launch. Expert in keyword research, localization, and creative asset optimization across web and mobile platforms.

Experience

Founder Feb 2025 - Present
WorthView Dublin, Ireland

- Led App Store Optimization for iOS launch (Feb 2026), conducting keyword research for Apple App Store metadata, optimizing app title/subtitle/description for organic discoverability
- Designed and A/B tested creative assets (app screenshots, icons) for conversion optimization, collaborating with design resources to test visual variations based on user feedback
- Built unified organic acquisition strategy across web and mobile, integrating SEO landing pages with app store presence using Firebase and Google Analytics for performance tracking

Organic Growth Lead May 2022 - Present
PetSafe Brands Dublin, Ireland

- Delivered 44% YoY organic revenue growth (\$2.5M to \$3.6M) across 12 global markets through technical SEO, keyword research, and localization strategies tailored to regional search behavior
- Scaled international SEO efforts with regional teams and translators, optimizing metadata and content for cultural preferences across multiple languages and markets
- Built A/B testing framework for creative asset optimization (product images, landing page visuals), increasing conversion rates by 18% through data-driven experimentation
- Collaborated with Product, Engineering, and Marketing teams to integrate SEO into product launches, using analytics tools (Google Analytics, Firebase, SensorTower) to track KPIs and optimize organic acquisition funnel

SEO Specialist Jan 2021 - Apr 2022
Nestlé Lviv, Ukraine

- Increased organic traffic by 72% for Maggi brand across EMEA markets (UK, France, Germany, Italy, Poland, Ukraine) through technical SEO, keyword research, and international optimization
- Implemented localization workflows with regional teams, adapting content and metadata for cultural preferences and search behavior across multiple languages
- Used Ahrefs and SEMrush for competitive analysis and keyword research, identifying international growth opportunities to prioritize market expansion
