Profile

FinTech founder of investment portfolio tracking mobile app with real-time asset tracking and performance charts. Led iOS app development (React Native) and UX prototyping in Figma. Combines hands-on mobile product development with cross-functional team leadership and user-centric design.

Experience

Founder Feb 2025 - Present
WorthView *Dublin, Ireland*

- Built investment portfolio tracking mobile app from conception to production, leading team of 1 engineer and 1 designer through agile development process with iOS launch (Feb 2026)
- Developed React Native iOS app with real-time asset tracking via Twelve Data API, implementing performance charts for net worth tracking across stocks, ETFs, and cryptocurrencies
- Led end-to-end product development from user research to UX prototyping in Figma, optimizing mobile user experience through iterative design and user feedback analysis
- Managed product roadmap and prioritization for mobile app features, collaborating with cross-functional team to deliver high-quality financial mobile product

Organic Growth Lead May 2022 - Present
PetSafe Brands *Dublin, Ireland*

- Delivered 44% YoY organic revenue growth (\$2.5M to \$3.6M) across 12 countries by leading cross-functional projects with engineering, product, and marketing teams
- Led developers on technical implementations of programmatic pages, managing priorities and timelines across multiple stakeholder teams
- Conducted A/B testing on product pages and user flows, increasing conversion rates by 18% through data-driven UX optimization and competitive analysis
- Built analytics dashboards in Looker Studio to monitor product performance, translating customer data and user feedback into actionable roadmap priorities

SEO Specialist Jan 2021 - Apr 2022
Nestlé *Lviv, Ukraine*

- Increased organic traffic by 72% for Maggi brand across EMEA (Africa, Nordic, UK, Ireland) through UX optimization and data analysis using Power BI
- Collaborated with product and engineering teams on international product features across multiple markets and languages
