Profile

FinTech founder with hands-on experience building payment integrations and API-driven products. Founded WorthView with live pricing integrations across stocks, ETFs, and crypto. Combines technical execution, cross-functional collaboration, and data-driven product strategy in payments and fintech.

Experience

Founder Feb 2025 - Present
WorthView *Dublin, Ireland*

- Built FinTech product from conception to production in 6 months, integrating live pricing APIs (Twelve Data) for stocks, ETFs, and cryptocurrencies across multiple asset classes
- Developed React Native mobile app with Supabase backend, implementing real-time data processing and performance-optimized finance charts for portfolio tracking
- Led end-to-end product lifecycle from user research to technical implementation, collaborating with freelance engineers and designers to deliver iOS release (Feb 2026)
- Managed cross-functional product strategy including API integration decisions, payment processing for premium features, and data-driven feature prioritization

Organic Growth Lead May 2022 - Present
PetSafe Brands *Dublin, Ireland*

- Delivered 44% YoY organic revenue growth (\$2.5M to \$3.6M) across 12 countries by leading cross-functional initiatives with product, engineering, and marketing teams
- Collaborated with engineering teams on technical implementations of programmatic pages, driving data-driven feature prioritization and product improvements
- Conducted A/B testing on product pages to optimize conversion rates, increasing sales by 18% through iterative product enhancements and user research
- Built analytics dashboards in Looker Studio and Tableau to monitor product performance across markets, translating insights into roadmap priorities

SEO Specialist Jan 2021 - Apr 2022
Nestlé *Lviv, Ukraine*

- Increased organic traffic by 72% for Maggi brand across EMEA (Africa, Nordic, UK, Ireland) through technical implementations and data analysis using Power BI
- Collaborated with product and engineering teams on international product features across multiple markets and languages
