Profile

Founder of WorthView FinTech product, built from conception to production using AI tools (Cursor AI) with strong technical skills to dive into software architecture and design tradeoffs. 3+ years leading cross-functional teams through development lifecycle, delivering 44% YoY growth. Expertise in analytics, performance metrics, and agile development.

Experience

Founder & Product Manager Feb 2025 - Present
WorthView *Dublin, Ireland*

- Led product from conception through launch in 6 months, owning software development lifecycle from requirements to production deployment serving 75 active users
- Built product using AI tools (Cursor AI) with strong technical foundation, diving into software architecture decisions (Supabase, React Native, API integrations) and design tradeoffs
- Managed technical projects through agile development cycles, tracking milestones and communicating progress across stakeholders while creating and analyzing performance metrics

Organic Growth Lead May 2022 - Present
PetSafe Brands *Dublin, Ireland*

- Led cross-functional teams (product, engineering, marketing) through software development lifecycle, owning product features from conception through launch across 12 global D2C eCommerce platforms
- Delivered 44% YoY revenue growth (\$2.5M to \$3.6M) by developing requirements informed by product strategy, customer feedback, technical feasibility, and using AI tools (AirOps AI) to improve efficiency
- Created, analyzed, and communicated analytics and performance metrics, managing technical projects and tracking progress towards milestones in agile development cycles
- Worked with business stakeholders to translate strategic business ideas into product specifications, achieving 18% conversion increase and 25% CAC reduction through data-driven decisions

SEO Specialist Jan 2021 - Apr 2022
Nestlé *Lviv, Ukraine*

- Delivered 72% growth for Maggi brand across EMEA markets, collaborating with product and engineering teams to implement technical solutions across multiple markets
- Communicated effectively with various audiences across different seniority levels and functions, meeting deadlines through strong time-management and prioritization skills
