Profile

Technical Product Manager who built WorthView FinTech platform from 0-to-1 using React Native, Supabase backend, and API integrations. AI power user leveraging Cursor AI and Claude Sonnet 4.5 for rapid product development. Experience spanning 0-to-1 mobile products, distributed systems, and cross-functional engineering collaboration.

Experience

Founder & Product Lead

Feb 2025 - Present

WorthView

Dublin, Ireland

- Built 0-to-1 FinTech platform from conception to iOS production in 6 months using React Native, Supabase backend, and Twelve Data API for real-time crypto and asset pricing
- Leveraged Cursor AI with Claude Sonnet 4.5 to accelerate development cycle, shipping MVP to 75 active users with data-driven iteration based on user feedback
- Architected full-stack mobile product with API integrations, backend infrastructure, and real-time data synchronization across multiple asset classes
- Led end-to-end product strategy from user research to technical implementation and go-to-market execution using product-led growth approach

Organic Growth Lead

May 2022 - Present

PetSafe Brands

Dublin, Ireland

- Delivered 44% YoY organic revenue growth (\$2.5M to \$3.6M) across 12 global eCommerce stores through data-driven experimentation and technical optimization
- Led cross-functional initiatives with engineering and product teams, driving technical SEO improvements and platform integrations for product launches
- Built A/B testing framework that increased conversion rates by 18% and reduced customer acquisition costs by 25% through systematic experimentation
- Promoted to Lead role within 18 months after exceeding all growth KPIs in first year

SEO Specialist

Jan 2021 - Apr 2022

Nestlé

Lviv, Ukraine

- Increased organic traffic by 72% for Maggi brand across EMEA markets through technical optimization and data-driven content strategy
- Collaborated with product and engineering teams to implement international best practices across multiple markets and languages
- Promoted to Specialist within 9 months after exceeding all KPIs in first 6 months
